

NEW DIRECTORS FOR C. OF C. ARE SHOWN IN VOTE

Board Is Scheduled to Meet Tomorrow Night and Pick Officers.

VETERANS RETURNED

Member-Wide Election Selects Several of Former Leaders.

Names of 14 men were certified this morning by judges and tellers of the Chamber of Commerce as winners in the member-wide vote which closed at 7 o'clock last night on the final election of new board members.

They are C. E. Cuning, L. A. Ellison, C. V. Gowing, M. C. Grigsby, A. Linscheid, W. L. Whitaker, Walter Wray, B. M. Bobbitt, Roy Givens, M. P. Manville, M. O. Matthews, Sam A. McKee, W. M. Pegg, and R. W. Simpson. The first seven received the largest number of votes and will serve two years. The other seven elected will be directors for one year. The two sections of seven each are arranged alphabetically and have no reference, within themselves, of the standing of individuals as far as the ballot is concerned.

Fourteen were elected from a list of 28 nominated by the membership as a whole.

Judges and tellers were R. H. Gladwell, Bill Lee, Bart Smith, Sam Grant, G. F. Polly, Roy Meek and W. E. Harvey.

First meeting of the new directors will be held in the C. of C. rooms tomorrow night at 7:30 at which time at least one officer, a president of the Chamber, probably will be elected by the directors. This is not compulsory, however, as the newly adopted constitution of the organization provides that the directors may have ten days after their election to choose officers including besides the president, two vice-presidents, a treasurer, and a 2-FOG HANGS

manager or secretary, all but the last of which are to be taken from their own number.

It was thought probable today that the entire set of officers will be chosen Friday night. Several members of the new board were also on the old board. C. V. Gowing was chairman of the old executive committee and as such will preside until officers are selected. In case he had not been elected on the new board, it was explained today, he would have met with the new board tomorrow night to assist with its organization.

Enthusiastic voting by practically the entire membership characterized the election which closed Wednesday night. All the directors chosen are enthusiastic workers in the C. of C. and work of the new year is expected to move forward under renewed impetus.

COMPANIES SEEK JUDGMENT UPON COUNTY TAXING

Two more suits, seeking a total in judgment of \$510.80 upon allegations of illegal and void taxation, were filed against the county and its agent, D. W. Swaffar, county treasurer, yesterday.

The Oklahoma Light & Power company has named the county in a suit for \$303.58, charging that in eight instances it has been assessed illegally. Alleged overtaxation specified includes a sinking fund of \$53.67, an Ada city tax general fund of \$89.99, a general school district No. 19 fund of \$118.76, a sinking fund tax for school district No. 19, \$17.15, a general fund for the town of Roff \$4.50, a sinking fund of the town of Roff of \$14.40, a sinking fund of school district No. 33 of \$4.20, and a sinking fund of school district No. 51 of \$1.

The Southern Oklahoma Power company asks in another suit against the county a return of \$207.25 on three counts.

Other cases filed yesterday in the district court are W. G. Martin vs. W. E. Grigsby, abstract of judgment; Z. E. Charleston vs. Harrison Perry and Wilbur Perry, abstract of judgment.

NINETEEN MILLION PEOPLE SUFFER IN STARVING RUSSIA

(By the Associated Press)

GENEVA, Jan. 26.—Nineteen millions are suffering for want of food in Russia and 15,000,000 will certainly starve unless succored, Dr. Fridtjof Nansen told the League of Nations international committee on relief in Russia here yesterday. Dr. Nansen said he was disappointed with the way in which the Russian government had acted under the agreement signed on August 27, the transportation situation leaving much to be desired.

FIRST WOMAN TO SERVE ON TORONTO BOARD OF HEALTH

Mrs. Sidney Small.

Mrs. Sidney Small of Toronto, Canada, one of the two women elected to the city council, is the first woman to serve on the Toronto board of health. She is at present in Washington attending the sessions of the arms conference.

SCHOOL HEADS TO ADDRESS MEETING

Linscheid and Fentem To Explain Purposes of Athletic League.

Dr. A. Linscheid, president of the Teachers College, and Prof. A. L. Fentem, head of the high school, will be principal speakers at a meeting tonight of representatives of the Lions Club, Chamber of Commerce, schools, churches and business men, to discuss the proposed Ada Athletic association, which may be organized here.

The purpose of such an organization will be described by the men, together with the advantage it will be to the city. The speakers will endeavor to make clear all phases of the proposed association, and if it is favorably accepted by the men attending the meeting, the organization will be perfected. A president will in all probability be elected, and other necessary steps taken.

The meeting is called for 7 o'clock at the Chamber of Commerce rooms, and will be concluded in time for the American Legion Athletic carnival at the legion hall. This is the first proposal of an athletic association that has been made to Ada business men. Representatives of churches have spoken favorably of the project.

RESOLUTIONS WOULD CLEAR MUSCLE SHOALS BARRIER

(By the Associated Press)

WASHINGTON, Jan. 26.—Investigation by the senate into the activities of "persons, associations, corporations and combinations, commonly known as the fertilizer and water-power trust," alleged to be attempting to prevent leasing by the government of the Muscle Shoals project, is proposed in a resolution introduced in the senate today by Senator Harrison of Georgia. Mr. Harrison said he would ask for consideration of the resolution probably before the end of the week.

"Third Man" Sought Upon Suspicion of Looting Roff Safe

Upon the suspicion of Roff officers that they were connected with the robbery Tuesday night of the Thomas Mercantile company, of Roff, in which about \$55 in cash was removed from the safe, two men were arrested and brought to the county jail here Wednesday afternoon. Both denied that they participated in the robbery. Officers said they were seen in the depot at Roff in company with a third man who is now being sought.

One of the men gave his name as Joe Brown. They are said to have related a plausible story to the sheriff's force and declared that "the third man," who is now thought to have perpetrated the robbery single handed, left Roff on a late train Tuesday night for Henryetta. His arrest is expected today.

Another store at Roff is reported to have been looted on the same night.

TWO INCHES OF SNOW COVERS MIAMI REGION

MIAMI, Jan. 26.—This district was blanketed early today with two inches of snow, the heaviest fall of the season. The temperature was above the freezing point and snow still falling at 8 o'clock.

G. O. P. IS LASHED SEVERELY BY COX

Former Demo Candidate Flays 'Circus' Trick of Republicans.

(By the Associated Press)

DAYTON, O., Jan. 26.—Breaking his silence of more than a year, James M. Cox, democratic candidate for president in 1920, at a Jackson Day Banquet here last night, took to task the Washington administration both in its domestic and foreign policies. In this criticism he was aided by United States Senator Pomerene of Ohio and Harrison of Mississippi, and Mrs. Margaret Fuller of Pittsburgh.

Criticizing the economic policies of President Harding's administration, Mr. Cox asserted that an attempt is being made to bring better times "by resorting to the noisy methods of a circus." Attributing the distress in Russia to sovietism, the former democratic standard bearer said the local distress is due to the "treachery of Lodgeism."

Speaking of the Washington arms conference and particularly the foreign power pact agreement, Mr. Cox asserted that "prudence might suggest that judgement be reserved until we know what the treaty means and the extent of Mr. Lodge's second undertaking." He declared that Senator Lodge had declared the "real meaning was in the unwritten word."

Still Favors League

Governor Cox made it plain that he stands on the League of Nations as he stood during the 1920 campaign. He cried "we stand in our very tracks, just where we were when the votes were counted. We have not retreated a step. The flag still flies and we are all ready for the next fight."

In Memorial Hall, where more than 1,800 were served at a banquet and where crowded galleries listened, the former presidential candidate's words were cheered time and again. A wild shout was unleashed when he declared that the republicans had already re-elected Senator Pomerene, by creating the disgraceful Newberry decision in the United senate.

Fingers Torn From Ada Man's Hand in Feeding Meat Mill

Will Staton, employed at the Station market and grocery on West Twelfth street, was painfully injured late Wednesday afternoon when he caught his hand in a sausage mill which he was feeding. The fingers were torn from his hand.

He was rushed to the hospital where immediate aid was given him. An effort will be made to save as many of his fingers as possible, it was announced. He spent a sleepless night last night, but is reported to be resting better today.

Heiress Leaves Big Estates in England For Texas Orphans

(By the Associated Press)

LONDON, Jan. 26.—Mrs. Cornelia Adair, who died last September at Coshan, England, left property in the United Kingdom of gross value of 40,840 pounds, says the London Times. According to the newspaper, she left \$35,000 to the Adair hospital at Clarendon, Texas, and \$10,000 to the St. Matthews home for children, at Dallas, Texas. In addition she made bequests to several Irish churches, members of her household and the staff of her ranch in Texas.

Mrs. Adair was a daughter of the late General James S. Wadsworth of New York, who was killed in the Battle of the Wilderness. For years she was prominent in English society. She was 84 years of age when she died.

OKLAHOMA WEATHER.

Tonight and Friday partly cloudy, somewhat warmer.

Soldier Who Told of Executions in France Is Robbed

(By the Associated Press)

WASHINGTON, Jan. 26.—Charging that he has been robbed and discharged as an employee of the veterans' bureau after testifying in the senate investigation of illegal soldier hangings, were made by Charles Green of Minneapolis in a letter and telegram received by Senator Watson, democrat, Georgia, and read today by the investigating committee.

Green declared in his communication that when enroute to his home "American Legion friends" at Cincinnati had stolen his suit case containing his army discharge, decorations and other documents. On reaching Minneapolis, he charged, he was informed by the veterans' bureau that his services were no longer required.

Green had testified that the bodies of nine soldiers killed by military police had been sent to a hospital at Cheateau Roux, France.

Chairman Brandegee recalled to the committee that Green was the witness who declared on the stand that General Pershing was a "liar" and said that he had rather belong to the I. W. W. than to the American Legion.

Three doctors attached to the Cheateau Roux hospital testified yesterday there was no truth in Green's charges as to the nine bodies.

BENEDICT XV IS ENTOMBED TODAY WITH PAPAL RITES

(By the Associated Press)

ROME, Jan. 26.—Pope Benedict XV was entombed with solemn and impressive ceremonies this afternoon. His body, inclosed in three caskets and dressed in the pontifical robes, lies in a crypt under the great basilica of St. Peter to the right of the entrance.

The historical and beautiful ritual was witnessed only by members of the sacred college, members of the pontiff household and papal nobility, and diplomats accredited to the vatican.

The great bronze doors of St. Peter's had been closed since noon.

CAPTAIN WILL COMPLETE HIS INSPECTION TONIGHT

Capt. Stacy Knoph, field artillery instructor, arrived in the city yesterday and inspected Battery F, 160th Field Artillery, O. N. G. a. the armory last night. The captain is remaining in the city until tomorrow for the purpose of inspecting Headquarters company, 189th Field Artillery, O. N. G. tonight.

All enlisted men in the latter named company are ordered to appear at the armory tonight at 7 o'clock sharp. This is the first inspection of the headquarters men since organization.

TULSA MAN DECORATED FOR SERVICES IN FRANCE

(By the Associated Press)

OKLAHOMA CITY, Jan. 26.—A distinguished service medal for Col. Ira L. Reeves of Tulsa was received at the headquarters here of the 95th Reserve Division today from the war department at Washington. The medal, awarded for service as president of the A. E. F. university in France, will be presented to Col. Reeves by Col. G. A. F. Trumbo, chief of staff of the 95th division headquarters. The date of presentation has not been set.

OKLAHOMA CITY STARTS BALLOTING UPON STRIKE

OKLAHOMA CITY, Jan. 26.—Ballots on the question of whether the strike of Butcher Workmen's Union shall be called off or not, began this morning at the headquarters of the union in packing town. The vote is expected to be completed by noon and the result will be wired to union officials at Chicago, not later than three o'clock, Fred Kemp, secretary of the local union, said this morning.

NEW QUARANTINE ORDER IS GIVEN

Murray County Put Under Ban by Pontotoc Health Man Thursday.

Dr. J. A. Deen, county superintendent of health, issued an order at noon today quarantining against Murray county, following the receipt of a report here earlier in the day that several cases of small-pox had broken out in Hickory, just across the county line. Hickory is near Pontotoc county on two sides, the county line forming a right angle between Hickory and Ada.

It was also reported unofficially that several cases of small-pox were under quarantine near Davis.

This quarantine order will mean that guards will be stationed at points where roads cross the county line and no one will be allowed to come into Pontotoc county without a vaccination certificate.

Pontotoc county is still quarantined against Pottawatomie county. Dr. Deen said, and his order will not be raised until there are favorable developments indicating that the epidemic in Shawnee is well on the way to being stamped out. Hughes and Garvin counties already are quarantined against Pottawatomie, it is reported, and this makes it unnecessary for Pontotoc county to quarantine against them.

No cases of smallpox have been reported in Pontotoc county outside of Ada and only two are under quarantine here.

100 ARE KILLED WHEN NEW DISORDERS OPEN

(By the Associated Press)

LONDON, Jan. 26.—A cable dispatch from Rome to the Evening Star today says it is reported there that fresh disorders have broken out in Cairo, Egypt, resulting in 100 persons being killed and more than 1,000 others injured. British troops, the message added, quelled the insurrection.

Thus far no confirmation or denial of the Rome report has reached London.

U. S. WILL BRING SUIT TO RECOVER MONEY ON PLANES

(By the Associated Press)

WASHINGTON, Jan. 26.—The government is ready to bring suit against the Dayton Wright company and the Wright-Martin Aircraft Corporation to recover a total of more than \$7,000,000 in alleged overpayments on war contracts, Attorney General Daugherty announced today.

The attorney general in making the announcement said the war fraud bureau of the justice department under the direction of Guy D. Goff, assistant to the Attorney general, had been working for some time on aircraft cases with the result that the government now was prepared to begin suit for the recovery of large amounts overpaid on cost plus contracts for aircraft machinery.

City Prisoners Ask Trial Before Jury; Brown to Fix Date

Arrested twice in the same week on the same charge, K. Jeter and Barney Hulse, picked up by officers in Dark Town last night on a charge of loitering, this morning demanded a trial by jury. They were arrested on the same charge Sunday night, but their trial in that case was set for Friday afternoon before Municipal Judge Kitchens.

In accordance with the demand for a jury, the men were turned over to the justice authorities. Justice H. J. Brown is expected to set the date for their trial before a jury today. The men did not make bond and were placed in jail.

At any rate you can judge a man by the hours he keeps.

TWELVE SHIPLOADS OF WHEAT TO RELIEVE RUSSIAN FAMINE

Stvedores, under direction of relief officials, wheeling grain into one of the boats at a New York pier.

Twelve shiploads of wheat are ready for shipment from American ports to different points in Russia to aid the hundreds of thousands of families in the famine-stricken regions. The photo above shows part of the wheat consigned to Russia.

PAPAL DELEGATE TO AMERICA WILL BECOME CARDINAL

Archbishop Bonzano.

Dispatches from Rome state that Archbishop Bonzano, papal delegate to Washington, will be created a cardinal at the March consistory. Monsignor Lauri is slated to succeed Archbishop Bonzano at Washington.

LEGION PROMISES BIG SPORT SHOW

Eight Round Bout Listed as Big Feature for Event Tonight.

Final arrangements had been completed early this afternoon for the athletic carnival to be given under the auspices of the American Legion tonight at the legion hall on east Main street. Five events, including an eight round bout between Cooper of Ada and Fox of Shawnee, are scheduled.

The men who are to participate in the events reported ready today. A colored bout and a battle royal between five huskies from Dark Town will be added features of the evening's entertainment. Those in charge of the event have left nothing undone to insure the success of the carnival. Charlie Johnson, promoter, said today.

This is the first athletic event to be given this year by the legion and is the largest to be staged here in months. All men in the preliminary contests are local fighters and all have many friends who will be at the ring side. Local talent has lent a greater interest to the program, it is believed by promoters.

The general public is invited to tonight's bout. It will be kept clean throughout, Johnson declared, and comfortable seats will be provided. Proceeds of the bouts will be used to furnish the Legion hall. Equipment will be bought at once.

TAX ON NECESSARY ITEMS NOT ASKED FOR PAYING BONUS

(By the Associated Press)

WASHINGTON, Jan. 26.—Imposition of tax on necessities as a means of raising funds for payment of a soldier bonus is considered inadvisable by Secretary Mellon, it was indicated at the treasury department in a discussion of the bonus question today. The treasury secretary in a letter sent to Chairman Fordney of the house ways and means committee, reiterated his opposition to a bonus, but stated that if it was decided upon, it should be provided through additional taxes.

The treasury, it was explained, will not until requested furnish specific recommendations as to the source of revenue for a bonus, but the belief was expressed that any additional taxes on such necessities as tea, sugar and coffee will be impractical.

Shantung Issue Is Believed Near To Settlement Today

(By the Associated Press)

WASHINGTON, Jan. 26.—A proposed settlement of the Shantung controversy appeared brighter today as a result of the intervention of President Harding.

In both Japanese and Chinese quarters was the reflection of a new confidence that the president's move would result in an agreement on the most troublesome of the conference questions, clearing the way for determination of all the remaining issues under discussion here.

While a decision is awaited, the conference has virtually suspended its other activities. A proposed meeting of the far eastern committee has been postponed until tomorrow because there was nothing to discuss pending a Shantung settlement.

POSSE BRAVING FURIOUS STORM IN BANDIT HUNT

Parkhill Bank Robbers Sighted in Hills and Horses Wounded.

BIG REWARD OFFERED

Bankers Association Eager To Arrest and Convict Famous Crooks.

(By the Associated Press)

TAHLEQUAH, Jan. 26.—The sheriff's office has been officially advised that one of the Parkhill bank bandits has been captured by a posse in Adair county. The posse follow a horse owned by one of the robbers to the home of the prisoner. The horse arrived there ahead of the men and when the owner appeared, he was arrested.

TAHLEQUAH, Jan. 26.—Among the snow decked hills of Cherokee and Adair counties the biggest man hunt in many years is being made this morning for two bandits who held up and robbed the Farmers State Bank at Parkhill of \$570.

All night long a posse, headed by Sheriff George Goud and Under-sheriff J. Fellows, beat the hills east of Parkhill while a considerable snow storm raged. Another posse in attempting to follow the trail of the horses used by the bandits in their flight from Parkhill. The bandits have been positively identified as the same men who last Friday night held up and robbed the First National Bank of Hulbert, this county.

Find Bandits Easing

Members of the posse of Tahlequah discovered the men in a thick woods 1-2 miles east of Tahlequah, about one o'clock yesterday afternoon. They were eating lunch at the time and had tied the horses. The posse opened fire on the outlaws who took to their heels, abandoning their horses, saddles, overcoats and overshoes. Both horses were wounded but not killed as previously reported. One was badly injured and is being cared for here.

Rewards totaling \$4,000 are today hanging over the heads of the bandits. The Oklahoma Bankers' association has offered a reward of \$500 each for the three men who robbed the Hulbert bank while the institution has offered a like amount.

FOG HANGS OVER STATE TODAY; SNOW REPORTED

(By the Associated Press)

OKLAHOMA CITY, Jan. 26.—A dense fog hung over the city today while about a tenth of an inch of snow, according to the weather bureau's estimate, covered the ground. The minimum temperature was 23 degrees.

Snow which was reported in various parts of the state was believed by the weather bureau to have been confined largely to the northeastern and central portions of the state.

Flurries at Enid.

ENID, Jan. 26.—Approximately one inch of snow has fallen here at intervals since late Wednesday afternoon.

Snow at Ponca City.

PONCA CITY, Jan. 26.—Half an inch of snow fell here last night, bringing the total since last Friday up to five inches. Much of it is still on the ground, with prospects for more.

OPPOSERS OF LYNCHING BILL RECEIVE DRUBBING

(By the Associated Press)

WASHINGTON, Jan. 26.—Opponents of the Dyer anti-lynching bill were routed today in the house when they attempted to have the bill killed by elimination of the enactment clause. A motion to strike out the enactment clause, made by Representative Summers, democrat of Texas, was voted down 139 to 100, ten republicans voting with democrats in the affair.

DEFENDANTS PLEAD ALIBI IN TRIAL FOR HOLDUP

OKLAHOMA CITY, Jan. 26.—The Oklahoma closed its case today in the trial of five men charged with the holdup and robbery of a Santa Fe mail train near Edmond last September, which began in district court here late Monday.

Immediately after the announcement, the defense stated it would present alibis to show to the court that the men accused were elsewhere on the night of the holdup.

While attempting a flying switch late Wednesday afternoon, a train crew switching in the Katy yards near Main street forced a box car off the rails. Considerable time was required to get the car back on the tracks.

BIBLE THOUGHT FOR TODAY

DEFRAUD NOT.—For this is the will of God, that no man defraud his brother in any matter.—1 Thessalonians 4:3, 4.

HEART TOUCHES.

There are times in the life of any man who is in a public or a semi-public service when his duty to the public and his feelings and sentiment are diametrically opposed. Such times try the souls of men, and the course they take determines their worth to society.

A governor has the freedom of a man in his hands. The man has committed a grave crime and has shown he is unworthy of public trust or even freedom. There is a wife and there are children. There are relatives who have influence. Perhaps if the man is released, he will go and sin no more. It would take a man with a heart of steel not to be affected by the pleas for his freedom. He would like to give the man his liberty, but he knows his duty to the public is to keep him behind the bars. What will he do?

The prosecuting attorney faces the alternative of pushing a case against a person who has favored him time and time again, has been a family friend, is in most respects a most lovable man or neglecting to do his duty to shield the friend. What can he do? Is the public to be given good measure or is the friend to be protected? No man who has not been in that position can realize what agony the attorney must endure.

An editor of a newspaper faces the alternative of doing his duty to his subscribers or overlooking something a friend has done. He has a duty to perform, but to turn the spotlight of publicity on the acts of that friend may bring him to jail or at least banish him from public life. What will he do?

These are merely examples of the tests that come to men. A banker faces the test in a different way, but probably no less severe. He can protect and shield a thief or he can turn him over to the law. The merchant has a similar problem to work out sooner or later.

There are men who let their sentiment control. They last for a time and time eliminates them. There is just one thing that a man in public life has to do and that is to be fair and square with the public. Friendships are the most precious things on earth, but even friendship often has to give way and service to the state takes its place. It is a cruel law, but it is as fixed as the stars. Leniency, moderation, sympathy all have their places and are valuable factors in the conduct of the human race, but carried too far they destroy the persons they would help.

The sheriffs of the state in their recent annual meeting took a rap at the loose way in which criminals have been pardoned in the past. The last two governors have been extremely free in the use of the pardoning power, Cruce was none too severe and McAlester turned criminals out by wholesale whenever Cruce gave him a chance. The same has applied to some extent in more recent times, the most notorious and flagrant instances being the work of Davidson and Waldrep in the one day each acted as governors. Past performances of some of the governors have the appearance of paying political debts to their lawyer friends by pardoning their clients. In fact, if a thorough investigation should be made it is more than probable that some startling disclosures would be made concerning the methods employed in securing pardons for notorious crooks who commanded some money and influence.

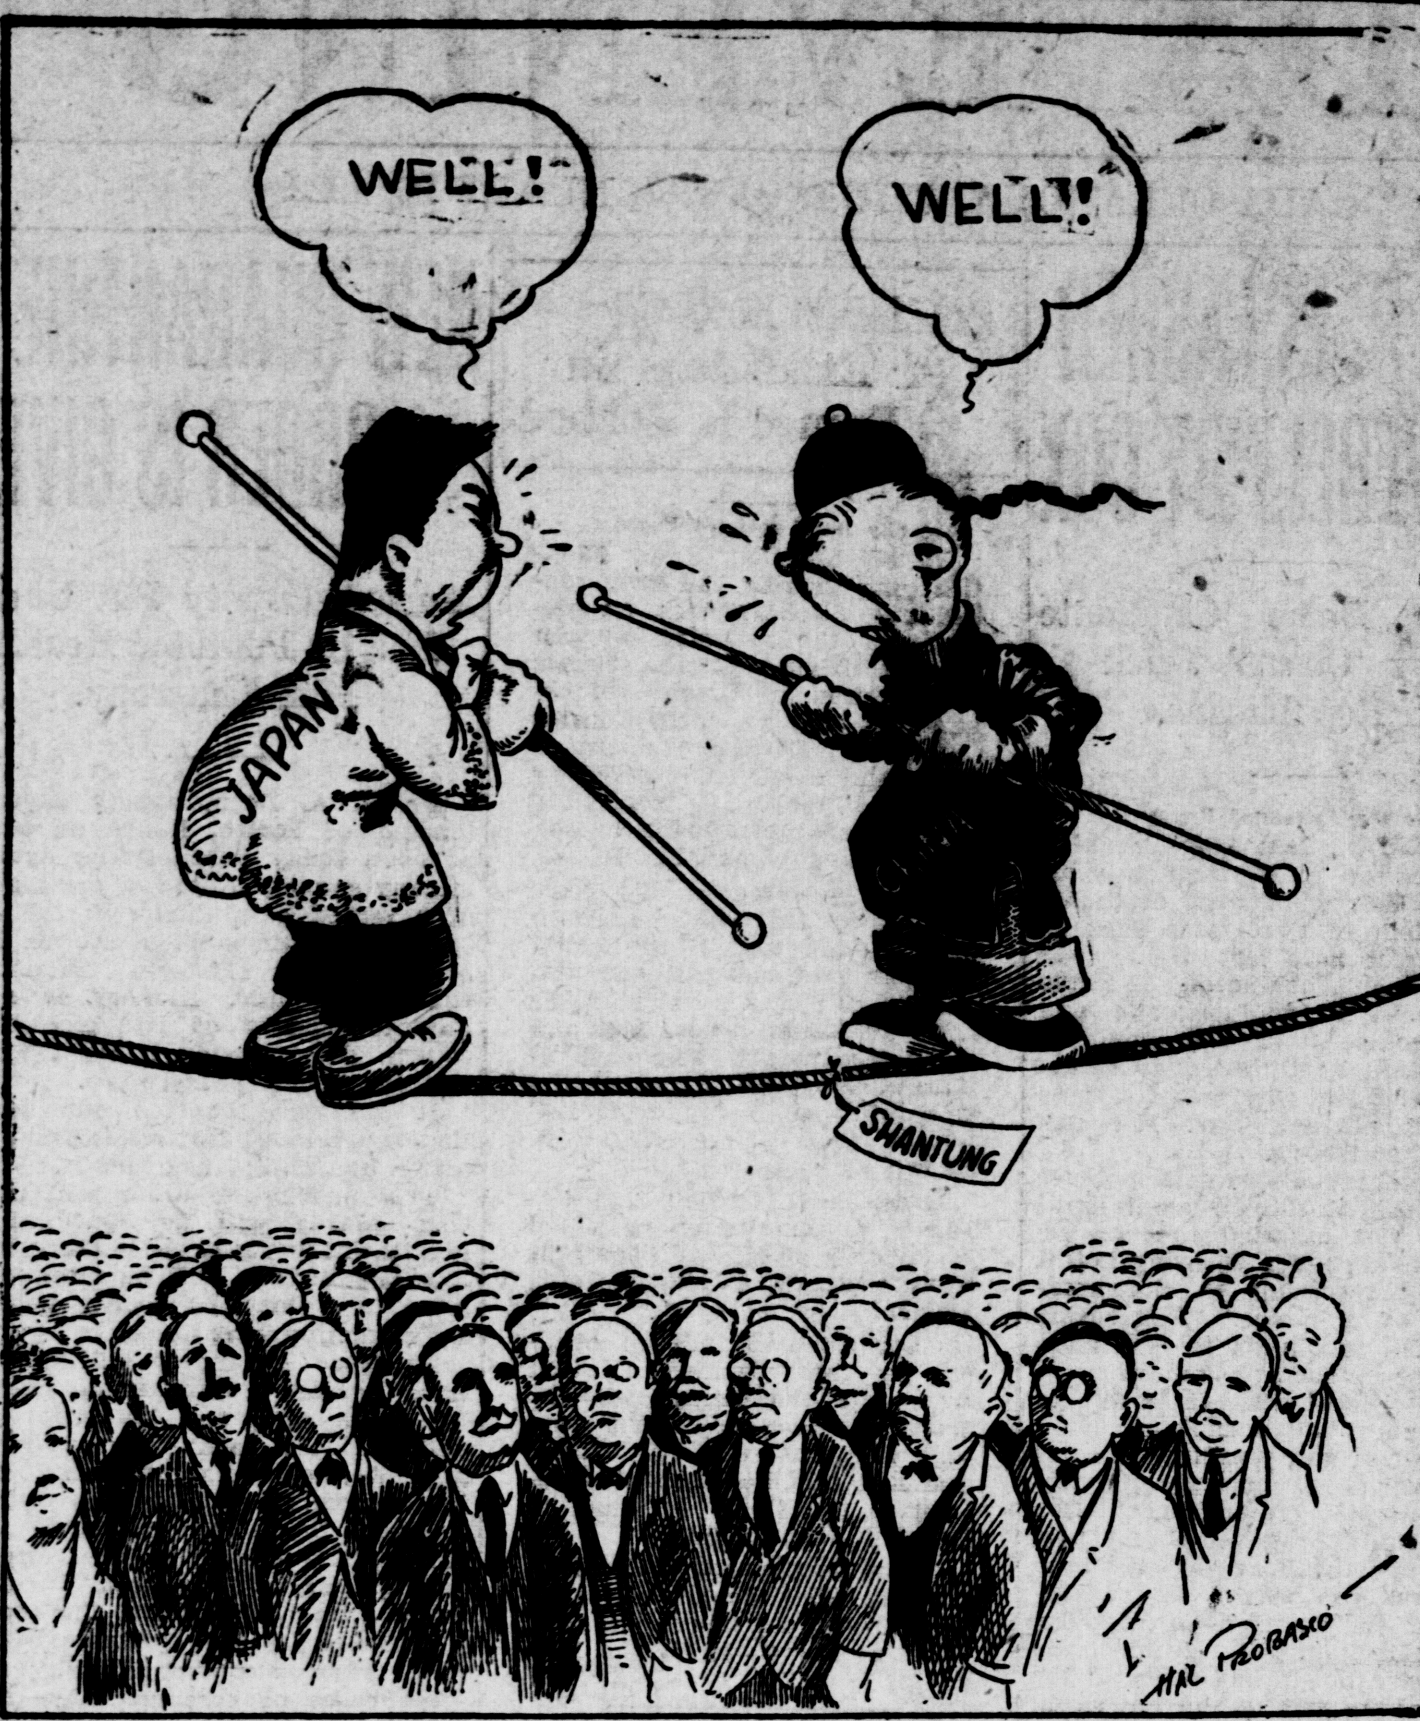

The members of the Chamber of Commerce have chosen wisely in electing the new board of directors, in the opinion of the News. Each of the fourteen is a booster, has the welfare of the city at heart and is willing to make sacrifices to advance the cause of right living. Under the direction of this board and with the increased membership, we believe the Chamber of Commerce will do even more than it has done in the past, and that is saying a great deal. Every citizen of Ada should now put his shoulder to the wheel and lend the board every assistance. All together for a greater Ada.

If every interest clamoring for protection under the tariff bill now in course of incubation by congress is granted its demands this country will have a wall around it that beats the old Chinese wall all hollow. As foreign nations will lose no time in retaliating the wall will have the effect of holding American products in as well as foreign imports out of this country.

Whether one agrees with the religious views of Pope Benedict or not, all lovers of peace honor his efforts throughout the war to bring about an understanding among the fighting nations. He was a sincere advocate of peace and exerted all the influence at his command in favor of peace.

The cold weather is here at last. Those who have been wanting to feel the bite of jackfrost now have their desires gratified.

WAITING FOR THE CLIMAX OF THE ARMS PARLEY SHOW

The Forum of the Press

The Postal Service Lawton Constitution
The romantic seizure of Will H. Hays by the gilded gods of the motion picture industry and the investment of that bright young man with a salary which doubles that of the President of the United States will not blind the American people to the fact that the career of Mr. Hays is of far less importance to them than is the efficiency of the postal service.

The motion picture industry is important. It believes, and the public sympathizes, that it needs something. It expresses that need in a glittering salary, and professes admiration and yearning, not for the postmaster-general, but for Will Hays personally. Mr. Hays is human, even a much crier man would find it difficult to resist this passionate infatuation, so well supported financially, even though the industry does not itself know what it wishes or expect this darling of the gods to do for it.

The point is that it is high time this country raised its own postmaster generals. Much as the motion pictures mean to the country, the postal service means more. The postal service is the most intimate phase of government service; it is a part of the daily, and almost hourly life of every home in the land. It affects every business, large and small, it is individual and universal. It is a part of all activity. Nothing else compares to it. Its inefficiency inconveniences and exasperates the entire population; its efficiency means the quickening of intercourse and insurance to business operations.

The postoffice should have a permanent head, a man whose experience may increase from year to year and be contributed to the national service, a man who shall be professionally a postmaster-general and nothing else, a man whom even the motion pictures could not entice away. It should be his life work, and when he retires, or is summoned to the Great Dead Letter office, his successor should be found in the service itself.

The Ineligible Baby

Daily Ardmorette
Sad things happen at Ellis Island in spite of the best intentions of everybody concerned, but often hard practice is charged to immigrant officials unjustly.

The other day a Polish woman who had lived in Chicago eleven years arrived in New York from a visit to Poland. With her were four children, three born in America. The fourth, a baby three months old, was born in Poland. The quota for Poland had been filled, and, technically, the baby could not be admitted. The mother was delayed just long enough to comply with regulations necessary to meet this contingency, and then allowed to depart with her four, baby and all. In the meantime the story got out that the baby was to be denied admittance to the country and caused quite a flurry in uninformed and over-excitable circles. Somebody told Secretary of Labor Davis about it, and he remarked dryly that his department was "not in the habit of separating mothers from their babies."

As a matter of fact there is much liberal interpretation of the quota law. Mistakes are made, to be sure. The wonder is, with all the opportunity for misunderstanding on both sides, that there are not more. But when it comes to tales of combined idiocy and brutality like separating a nursing baby from its mother, the credulous listener would do well

to remember that Uncle Sam is not in that sort of business.

Juries and Patchwork
Not without reason was it predicted that the entrance of women into the jury system would cause tremendous upheavals. In communities the lady jurors have introduced the revolutionary custom of doing something useful while waiting to hear testimony. Nine beautiful patchwork quilts have just been presented to the American Legion barracks in the town, product of the labors of a series of waiting women jurors.

Here is an insidious innovation which the male juror should rise at once to defeat. The play with greasy cards, to tell rancid stories, to smoke, and to spit tobacco juice possibly in extreme instances to thumb a dirty sporting magazine or read the newspaper, has been for generations the accepted off-time regime of the patient and long-suffering juror.

If the women are allowed to run wild like this, the first thing we know somebody will find a way to make constructive employment compulsory in jury waiting rooms, and then where's your free citizenship?

Political Announcements City of Ada

The News is authorized to announce the following as candidates for the respective offices of the city of Ada, subject to the primary election:

FOR MAYOR—
W. H. FISHER
W. T. MELTON
GARY KITCHENS

F. E. GRAY

For County Weigher:
J. M. (JIM) BYRD

For Sheriff:
JOE E. SLOAN

County Commissioner, Dist. No. 2:
CHARLEY LASEMAN

Soldier Bonus Bill May Be Proposed By House After Tariff

WASHINGTON, Jan. 25.—Assurance that the permanent tariff bill would be reported to the senate early in February and accepted before the close of the present session, was given leaders of the house by senate republican leaders today at a conference between the two.

Agreement was reached at the conference that the proposed soldier bonus bill should originate in the house, house leaders declaring a measure would be drafted at once by the ways and means committee and probably reported to the house in two weeks.

WORLD IRISH MEETING HOLDS SECRET SESSIONS

(By the Associated Press)
PARIS, Jan. 25.—The international Irish League, organized here today by the world congress of the Irish race, decided the principle object of the league must be to help Ireland gain full independence.

PARIS, Jan. 25.—After a heated debate, the world congress of the Irish race, decided today to hold secret sessions for the organization of the International Irish League, the project of which was favorably passed upon by congress yesterday. This action was hotly contested by several delegates and much speculation as to its purpose was provoked.

Worrying about the weather has no cooling effect.

O. U. VISUAL EDUCATION
HAS PART IN CONVENTION

NORMAN, Jan. 26.—(Special)—The University of Oklahoma department of visual education will take an important part in the program for the annual meeting of the Oklahoma Education association, to be held in Oklahoma City February 9, 10, and 11, at which teachers from every part of the state will be present. Among the features of the visual education section will be a bureau of information and a commercial exhibit showing any sort of motion picture equipment school may use. Representatives from the big movie machine companies will be on hand to demonstrate their instruments.

SAGE TEA TURNS
GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and, after another application it becomes beautifully dark and appears glossy and lustre (adv)

NEW INCOME TAX
ALLOWS \$1,000 AS
"SINGLE" MARGIN

ARTICLE No. 2.
To overcome the disparity in the normal tax in the case of two taxpayers, one of whom is just within the lower exemption of \$2,000 (applying to income of more than \$5,000) and the other just within the higher exemption of \$2,500 (applying to income of \$5,000 or less), the law provides that the reduction of the personal exemption for married persons and heads of families from \$2,500 to \$2,000 in such cases shall not operate to increase the tax which would be payable if the exemption were \$2,500 by more than the amount of net income in excess of \$5,000. For example, a married man had a net income for 1921 of \$5,006. Without the benefit of the above provision, his tax, assuming he had no dependents, would be \$120.24 (5,006 less 2,000 equalling \$3,006 at 4 percent). His actual tax is \$106.24 (\$5,006 less \$2,500 equalling \$2,506 at 4 percent, or \$100.24, plus \$6 the amount by which his net income exceeds \$5,000).

There is no change in the exemption of \$1,000 granted a single person for a married person not living with husband or wife. Non-resident aliens are allowed a specific exemption of \$1,000 regardless of their marital status, and are allowed no exemption for dependents.

The normal tax of 4 percent on the first \$4,000 of net income above the exemptions and 8 percent on the remaining net income remains unchanged. This applies to citizens and residents of the United States. Alien nonresidents receiving income from sources within the United States are taxed to the full 8 percent on income from such sources.

Surtax Rates.
Taxpayers are reminded that the surtax rates, which apply only to net income in excess of \$5,000, also are unchanged for the year 1921. Letters received by the bureau indicate the impression in the minds of the writers that the lowered surtax rates are applicable to net income for the calendar year 1921. Under the revenue act of 1921, the surtax rates for that year range from 1 percent on the amount of net income between \$5,000 and \$6,000 to 65 percent on the amount. For the calendar year 1922, the

surtax rates range from 1 percent on the amount of net income between \$6,000 and \$10,000, to 50 percent by which the net income exceeds \$20,000.

The period for filing returns (if the taxpayer makes return on the calendar year basis) is from January 1 to March 15, 1922. This year, as last, the tax may be paid in full at the time of filing the return, or in four installments, due on or before March 15, June 15, September 15, and December 15. Forms 1040A for incomes of \$5,000 and less, and 1040 for incomes in excess of \$5,000, will be sent to persons who last year filed returns of 1920 income. Failure to receive a form, however, does not relieve the taxpayer of his obligation to file a return.

NATIONAL FOREST
POLICY IS URGED
AT FARM MEET

(By the Associated Press)
WASHINGTON, Jan. 26.—Utilization of scientific research in promotion of sound agricultural policies was considered today by the national agricultural conference. Three senators' addresses concluded the formal program, the remaining portion of the conference being given over to some reports.

The delegates continued discussing informally the matters of bringing before the conference a resolution endorsing the "agricultural bloc" in congress.

The need of a greater food supply for an increasing population was outlined for the delegates by Dr. E. D. Ball, director of scientific work of the department of agriculture. He declared there was no over production now but there was under consumption.

Clifford Pinchot of Pennsylvania, spoke for the need of a national forestry policy, and drew applause when he told the delegates "there is a group of men up here on the hill, most of them not farmers, who should have the deepest gratification of every farmer in the United States for what they have done for them."

With five-sixths of the virgin timber of the United States gone, "we are replacing by growth only one-fourth of what we cut," Mr. Pinchot told the conference.

The difference between a farmer and an agriculturist is that a farmer makes expenses.

Chicago Fire Sends
Families To Streets
As Cars are Burned

(By the Associated Press)
CHICAGO, Jan. 26.—Fire seriously damaged the Devon Avenue car barn of the Chicago Surface Lines here early today, destroying 100 street cars and totaling 50 families living nearby in cottages to the street scantily clad. Wheeling Fish, general manager of the surface line said the loss would be approximately \$1,500,000.

Two hundred other cars were saved when with power automatically shut off, they were hauled to safety by motor trucks.

Horace Northcutt, who attended the Teachers College until the Christmas holidays, is reported to be still in a serious condition at his home in Coalgate, where he has been confined on account of illness. He has not been able to return to school here since he went home for the holidays.

OKLAHOMA POSTMASTER FROM SHORTAGE CHARGE

DURANT, Jan. 25.—John P. Roach, postmaster at Bluebird, near here, was arrested today on a federal warrant, which charged that a shortage of \$1,300 had been found in his account. He waived preliminary examination before a United States commissioner here and was released pending action of the federal grand jury at Tulsa on \$1,500 bond. W. J. Beal has been temporarily appointed to fill Roach's position.

Pan-Pacific Parley
Scheduled For June
To Avoid Conflicts

HONOLULU, T. H., Jan. 26.—The Pan-Pacific Commercial Congress probably will be held here next June to avoid conflict with the international commercial exhibit at Rio de Janeiro and the International Chamber of Commerce conference at Rome in September. It was announced by Dr. F. B. Bunker, executive secretary of the Pan-Pacific union which is acting as sponsor for the Congress.

It was planned to hold the meeting here in August or September but announcement of the Rome and Rio de Janeiro conferences forced a change in prospective date. June. It was pointed out that delegates from the Far East on their way to Rome and Rio de Janeiro probably would stop off in Honolulu to attend the meetings here.

The advice of Elliot H. Goodwin, resident vice-president at Washington of the United States Chamber of Commerce has been sought by Dr. Bunker in the promulgation of program of subjects to be discussed.

"If the Pan-Pacific union succeeds in its plans, it is quite within the possibility that the United States Chamber of Commerce would not only undertake to participate, but aid in revising the program and in obtaining the right kind of attendance," Mr. Goodwin's reply said.

DELINQUENT TAX
LIST TO BE PUT
UP FEBRUARY 1

Payment of the first half of 1921 taxes will be delinquent February 1, according to an announcement today from the office of County Treasurer D. W. Swaffar.

January 25 was the original date set for the making up of the delinquent list but because of a shortage of money in many quarters it was thought advisable to make a further extension in order that taxpayers may meet their obligations without the burden of a penalty. In some parts of the state, it is understood, even another month has been given, setting the delinquency date at March 1.

The making up of delinquent tax lists, it was explained, throws a big volume of work upon the treasurer's office at the same time placing a hard strain on taxpayers. Pontotoc county taxes, therefore, may be paid up to and including January 31, without incurring the additional fine.

FRANKS MEN MAKE BOND
FOR TRIALS HERE FEB 10.

Louis Lee and Collie Cunningham, both of Franks, were arrested yesterday by county officers and arraigned before Justice of the Peace W. H. Fisher, the former on a charge of being drunk and the latter on a pistol carrying charge. Their trials have been set for February 10. Cunningham made bond for \$250 and Lee for \$100.

Free Proof That
Ironized Yeast

Builds Weight

Beautifies Skin and Gives New Energy To Thin, Run-down Folks

Do you need more flesh? Are you run-down, pale or scrawny looking? Do you lack energy—or is your skin blemished by humiliating pimples, blackheads or boils? If so, here is good news for you! Simply mail coupon below for the famous Three Day FREE Trial Treatment of IRONIZED YEAST. Take these remarkable tablets—two with each meal. Then get ready for a surprise!

Watch the Quick Results!

You simply will not believe your eyes when you see how quickly your skin begins to freshen, and how quickly pimples, etc., begin to disappear. Note the immediate increase in appetite and energy. And as for putting new, hard flesh on your bones—not flabby fat, but good firm flesh—people report gaining five pounds and more on the very first package of IRONIZED YEAST!

Yeast Best With Iron

The reason IRONIZED YEAST brings such splendid results is because it contains a specially cultured medicinal yeast which is unequalled for its richness in the essential Water Soluble B vitamins. Also contains the correct amount of the two other vitamins—Fat Soluble A and Water Soluble C—which are equally important to health, yet lacking in the modern diet. Vitamins bring fine results even if taken alone—but when taken with a proper amount of easily assimilated organic iron, as in IRONIZED YEAST, these results are secured three times as fast!

Try Ironized Yeast Today

Simply mail coupon for the wonderful Three Day FREE Trial Test. Or go to your druggist and get IRONIZED YEAST on our guarantee. FREE our famous 3-Day Trial Treatment. Watch the Quick Results! Dept. 241.

WARNING!

There are certain types of yeast which have absolutely no medicinal value. By insisting on IRONIZED YEAST, and refusing cheaper imitations or substitutes, you can be sure that you are taking a genuine health-building tonic which is unsurpassed in effectiveness, convenience and genuine health-building value.

Note: Full Sized Packages of IRONIZED YEAST Sold at All Druggists

U. S. Would Delay
Holding Economic
Meeting at Genoa

WASHINGTON, Jan. 26.—Indications were given in official circles today that the United States is adverse to participation in a general European economic conference, should such a meeting be held at the time set for the Genoa gathering, but would look with more favor on a conference to be held at a later date.

The Genoa conference, it was asserted, would be in a position to obtain more satisfactory results, in the opinion of some government officials, if more time were given for conditions in Europe to stabilize.

Obituary

Mrs. L. A. Kite, better known as Mrs. Addie Williams, of 416 East Ninth street, died at her home yesterday afternoon about 4 o'clock, as the result of a fall. She leaves a husband and nine children, also a multitude of friends to mourn her loss.

Mrs. Kite was 43 years of age and has been a faithful member of the church since a mere child. Funeral arrangements have not been announced on account of the children and other relatives having been summoned. They have not arrived but are expected soon. Further details concerning the funeral services will be announced later.

Earthquakes Can Be Foretold, Geologist In California Says

(By the Associated Press)

BERKELEY, Cal., Jan. 26.—Earthquakes can be predicted just as weather conditions are now predicted, the University of California here has announced, as a result of a recent discovery by Professor A. C. Lawson of the geology department that earth movements are antecedent to, as well as consequences, of earthquakes.

By making observations of the "creep" of the earth, of the gradual changes in altitudes, it can be told when earthquakes are expected, the university has announced. To study the earth's movements, a photographic latitude telescope is to

be installed at Lick Observatory, which is conducted by the university on Mount Hamilton, near San Jose, California.

Earth movements on a general scale preceded the big earthquakes of 1858 and 1906. It is believed by the university. The authorities also pointed out that on the occasion of the 1906 earthquake, earth in the Bolinas region of California moved as much as twenty-four feet and that the movement was noticeable over a big area.

Professor Lawson's tabulation of meridian circle observations made at the Lick Observatory led to a suspicion, it was announced, that a change in the altitude of Mount Hamilton, of small but appreciable amount, had occurred at or about the time of a severe earthquake of August 3, 1903, which was local to the Mount Hamilton region.

DOINGS OF THE VAN LOONS—Father is not quite as important as he imagines he is.

By F. LEIFZIGER

USE SLOAN'S TO WARD OFF PAIN

LITTLE aches grow into big pains unless ward off by an application of Sloan's. Rheumatism, neuralgia, stiff joints, lame back won't fight long against Sloan's Liniment.

For more than forty years Sloan's Liniment has helped thousands, the world over. You won't be an exception. It certainly does produce results.

It penetrates without rubbing. Keep this old family friend always handy for instant use. Ask your neighbor.

At all druggists—35c, 70c, \$1.40.

Liniment (Pain's enemy)

Dry Docks Menaced By Blaze Thursday That Razes Shops

(By the Associated Press)
NEW YORK, Jan. 26.—The great plant of the Morse Dry Docks and Repair Company, occupying six blocks along the Brooklyn water front, was threatened with destruction today when fire wiped out five ship buildings, entailed a loss estimated at \$200,000 and upwards.

The blaze started in the company garage and 50 automobiles were destroyed. It spread to the boiler room, tool room, pipe shop and another shop, before firemen, summoned by four alarms, succeeded in checking it.

The floating dry docks, said to be the largest in the world, caught fire but the fire was soon extinguished.

IOWA FARMS ARE BURNING LITTLE CORN IN STOVES

(By the Associated Press)
AMES, Iowa, Jan. 25.—Iowa farmers are not burning corn this winter, except to a very small extent. For the greater part, such corn as has been burned has been moldy or inferior corn, not suitable for feeding or marketing, and that has always been done, more or less. It is the judgment of men who are in close touch with the situation that neither the supply of corn in Iowa nor the market price has been appreciably affected by the very limited corn burning in the state.

These statements about the situation are based on reports just obtained from county agents by R. K. Bliss, the director of agricultural extension at Iowa at Iowa State College. The county agents generally are in close touch with the situation and many of them have made special effort to secure information. In 40 of 64 counties reporting to date, county agents say that no corn is being burned; in 5 counties they say that not more than 10 percent of the farmers are burning some corn, usually with coal and wood; in one county 2 percent of the farmers are thus reported to be burning corn; in 6 counties agents say that more or less moldy and inferior corn is burned; in 12 other counties, agents say that very little, or a negligible amount, is used for fuel. In one county corn is burned in the furnaces of the county court house, and the county infirmary.

It is interesting that farmers have in a good many counties gone positively on record against corn burning. In many sections, efforts were made in farm bureau meetings to secure endorsement of a movement to burn at least 100 bushels of corn on every Iowa farm. Almost invariably county agents report that resolutions to that effect were defeated by decisive vote.

SHAVE OFTENER MOVE TO BRING BETTER FEELING

(By the Associated Press)
HONOLULU, T. H., Jan. 25.—A shave "at least every other day" might assist Japanese here in fostering racial harmony with Americans, according to one of the views expressed in a symposium, obtained from leading members of the Japanese colony on the best manner of promoting American-Japanese amity, and published by Nippu Jiji, Japanese language newspaper.

K. Naito, Japanese vice-consul general, advised his countrymen to read the English newspapers, as "those who disregard American-Japanese friendship are confined chiefly to those who do not read the English papers."

Dr. Isa Mori, president of the Japanese United Association of Hawaii said that better feeling might be promoted if Japanese and American representatives of the same trade or profession held frequent meetings.

"Invest in Hawaiian industries and make American interests your interest, and your interest their interest," was the advice of M. Komagata, hotel proprietor.

"Disregard suspicion toward others, narrow-minded patriotism and egotism, so commonly found among Japanese, and cultivate heart-to-heart association with Americans, based upon reason and understanding," was the admonition of S. Takiyama, consular secretary.

Dr. T. Katsunuma, honorary president of the Society of American Citizens of Japanese Ancestry, offered this advice:

"Observe the Sabbath Day. Keep your home and premises clean, shave at least every other day."

Japanese Labor To Pay For Education of American Chief

(By the Associated Press)
HONOLULU, T. H., Jan. 26.—An American citizen of Japanese ancestry will be educated in an American university at the expense of the Japanese Federation of Labor and will assume leadership of the body in order that its interests may be promoted more effectively in Hawaii, it was decided at the recent convention of the organization, according to translations of the minutes which are in the possession of territorial authorities.

The federation will provide not more than \$1,000 annually for the purpose.

The Hawaii Shinpo, Japanese language daily newspaper, will be taken over by the federation, and will be edited by Secretary Hayakawa, according to the convention minutes.

The federation has raised \$9,000 for the defense of union officials who were indicted recently on a charge of conspiracy in connection with an explosion of dynamite at the house of a Japanese who continued working on a sugar plantation during the strike of 1920, it was reported at the convention.

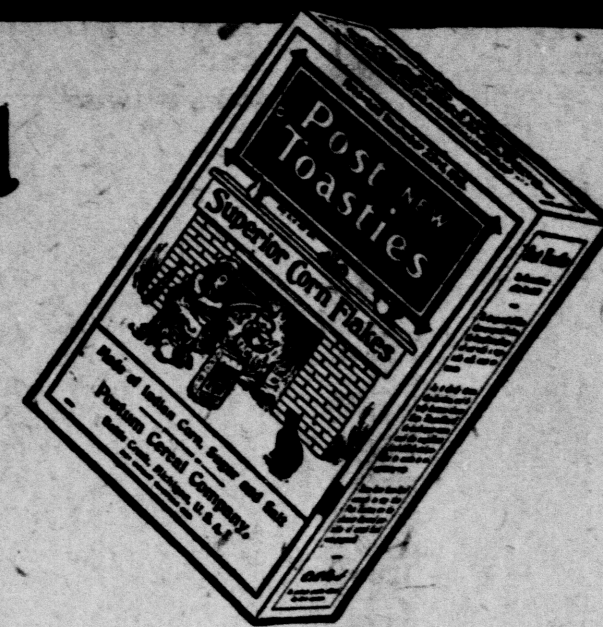

The delegates adopted a resolution which opposed not only the proposed immigration of Chinese laborers, but also declared against the immigration of any more Japanese. The resolution declared that further immigration would constitute "a menace to the standards of laborers resident in Hawaii."

The total membership of the federation was estimated at 5,300.

Clerk Can't Match Snipe.
TACOMA, Wash., Jan. 26.—One Tacoma cigar clerk recently was unable to fill an order of a local woman who wanted to buy a box of cigars as a surprise present for her husband.

The woman, the clerk said, came into the store with the butt of one of her husband's half-smoked cigars. "Please match this," she asked. "I did not dare to take a whole cigar for fear he would discover the loss. And I want my purchase to be a complete surprise." It couldn't be done.

Davy Crockett said a thing or two about what to tell the grocer

Had a lot of experience, Davy had, and gave some practical advice which most of the world appreciates.

Here was his motto:

"Be sure you're right; then go ahead."

That was our motto in making Post Toasties, and that's been the motto of the Southwest in experimenting with other corn flakes and—accepting Post Toasties as the uni-

versal household favorite.

Post Toasties are crisper, thicker—they have more "body" than substitutes—and they have a perfection of that wonderful corn flavor, which no imitation equals.

That's what the Southwest has found—and that is what it intends to keep.

Sure that it's right on quality, it intends to keep right on satisfaction. It goes ahead with—

Post Toasties

The name and the YELLOW and RED package are the guarantees that you're right and the quality's right

Yesterday's Trains

Like Opportunities Lost
Can Never be Regained

BUT there will be other trains and Everyman and Everywoman knows that although opportunity used to knock but once and feebly, she lingers around these days and is often insistent upon becoming acquainted.

The Business man or Business woman (in the office or the home) who failed to advertise for additional help yesterday, may do so today, or even tomorrow.

BUT, a word to the very wise, the efficient worker these days, is astonishingly business like and is on the qui vive for good openings, so don't complain if the early bird (advertiser) gets the best workers.

The employer who requires experienced help of any description depends upon the classified advertisements of this paper to get what he wants, when he wants it.
